

USD #258 Humboldt Schools

Out of District Contract

In order to ensure that out of district students are successful in the Humboldt District, the administration has developed the following contract.

- The student will be expected to attend school on a consistent basis. If a student has more than five absences during a semester, a doctor's note or administrative approval will be required for the student to remain.
- The student will maintain a 2.0 GPA at each semester's end.
- The student will respect staff, students and the educational environment while attending Humboldt schools. One major discipline infraction (Level 4 or Higher), or 3 office referrals in a semester will result in the student being returned to their home district.

Any student failing to meet the criteria listed above will lose the right to attend Humboldt schools. We are willing to give students from other districts an opportunity to be successful in the Humboldt School District, but they must be a positive influence in our buildings and classroom.

I have read the following guidelines and understand the expectations as a student/parent to attend Humboldt Schools. I also understand that violation of these conditions could result in not being able to attend school at USD #258.

Student Signature _____ Date _____

Parent/Guardian Signature _____ Date _____

Principal Signature _____ Date _____
